DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on 01/20/2006.

Allowable Subject Matter

2. Claims 34-44 and 47-55 are allowed.

The following is an examiner's statement of reasons for allowance:

In reference to claims 34, 41 and 47, the prior art of record (Brokenshire et al. (U.S. Publication 2002/0158885 A1), Cloutier (U.S. Patent 6,671,000 B1) and Gosset et al. (U.S. Patent 6,606,093 B1)) does not explicitly disclose selectively gamma correcting certain types of primitives which partially cover a pixel, the selected primitives being of a certain selected class, while not gamma correcting unselected primitives even though those primitives may partially cover the pixel, in order to reduce visual artifacts in graphics processing in combination with the further limitations of claims 34, 41 and 47 respectively above.

In reference to claims 35-40, 42-44 and 48-55, claims 35-40, 42-44 and 48-55 depend upon allowable claims 34, 41 and 47 respectively above and are therefore also deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. The cancellation of claims 45 and 46 is noted.
4. Applicant's arguments, see pages 6-8 of Applicant's Remarks, filed 10/24/2005, with respect to the rejection of claims 34-55 have been fully considered and are persuasive. The previous art rejection of claims 34-55 has been withdrawn due to the combination of Applicant's arguments and the amendments made to claims 34, 41 and 47.
